- ◆ No Wiping Or Scrubbing Needed
- ◆ Works Fast
- ◆ Pleasant Odor
- ◆ Saves Time
- ◆ Reduces Build-up In Trap And Drain
- ◆ Leaves A Shine
- ◆ Saves Labor
- ◆ Cost Effective

WATERLESS™ NO-FLUSH™ URINALS

Directions: Spray Matrix Enviro-Clean™ liberally across the inside surface of the urinal and onto the EcoTrap cartridge. DO NOT WIPE OR CLEAN OFF. Do not use other cleaners on the urinals while using Matrix Enviro-Clean™. This product may also be used to sanitize the outer surface of the urinal and surrounding walls and floors.

Benefits: Matrix Enviro-Clean™ has been specifically designed for use with Waterless™ No-Flush™ Urinals. Upon contact, this cleaner is activated to break down any minute residual urine and transport it into the EcoTrap®. By using this product, the cleaning process is reduced to simply spraying and walking away. Matrix Enviro-Clean™ will leave behind a clean, deodorized urinal and prolonged use will assist in the reduction of build-up in the EcoTrap®, effectively extending the trap life. Drains will also benefit, as prolonged use will also assist in the reduction of drain line encrustations. **To Order:** Available in 1-litre spray bottles (stock #1215, 12 per case) or 4-litre refill jugs (stock # 1216, 4 per case). To order call 1-800-668-4420 or your local distributor. Matrix Enviro-Clean™ is a licensed product by Matrix Environmental Partners Inc.

GREAT FOR:

- ◆ Schools
- ◆ Restaurants
- ◆ Stadiums
- ◆ Factories
- ◆ Marine Applications,
And Other High Traffic Facilities.
